

Capability Statement

www.comelcoinc.com

Comelco, Inc provides everything from Electrical Systems to New Construction and everything in-between. Our project teams include experienced leaders within the industry who will supervise each project to completion. Our expert technicians are trained to execute routine and emergency maintenance of industrial electrical power systems and equipment. We are prepared to perform new construction, major shutdowns, capital expansion, plant relocation, and contract maintenance service to clients across the nation. To facilitate our client's demands, we own a corporate aircraft.
