To Whom It May Concern:

For the past eight years I have subcontracted work on dozens of projects to Jesse Gonzalez and Comelco Electric, Inc. For each project, the work was completed in a professional and timely manner. Comelco Electric is dependable, timely and quality conscience. Having high expectations for subcontractors, I am continually pleased at Comelco's flexibility in dealing with changes. In fact, I have found Comelco Electric to be very accommodation to both schedule and scope of work changed throughout the duration of our projects. Comelco Electric continually provides quality service and professional work.

I also wish to state that Jesse Gonzalez has my utmost respect in terms of electrical knowledge and experience. Mr. Gonzalez has proved to be a valuable asset to any construction project.

Therefore I would recommend Comelco Electric for any electrical work. If you desire further information, please do not hesitate to contact me personally.

Sincerely,

Bert Karpinski, Operations Manager
